SAURABH VIJAY ISANE

Student – 2026 Engineering Graduate

7249096594 ✉ [Email](#) 🔗 [LinkedIn](#) ⭘ [github](#)

Education:

PCCOE, PUNE   **NOV 2022 – JUNE 2026**
PIMPRI CHINCHWAD COLLEGE OF ENGINEERING, PUNE   Maharashtra, Pune
B-Tech IT (CGPA: 7.56 And current SGPA: 7.65)

KCE'S MOOLJI JAITHA COLLEGE, JALGOAN   **NOV 2020 – MARCH 2022**
JEE (percentile: 95.5), **HSC** (percent: 72.5)   Maharashtra, Pune

Experience:

Intern at Frevolt (3 Months | Social media Handler)
Design Team Lead | ITSA
Design Team| IEEE PUNE SECTION
Participation: - IEEE Xtreme-24, **SIH-24, Eureka -24**

Projects:

Chat-R
Description: Publicly open chatting app built using Flutter. Features real-time messaging and user authentication.
Technologies: Flutter, Firebase, Dart
GitHub Link: [Chat-R](#)

vigGo
Description: Video chatting app with real-time video communication. Demonstrates proficiency in live video streaming and cross-platform mobile development.
Technologies: Flutter, WebRTC, Dart
GitHub Link: [vigGo](#)

SI_Store
Description: E-commerce app showcasing product listings, cart functionality, and secure transactions. Focuses on user-friendly UI/UX design.
Technologies: Flutter, Firebase, Dart
GitHub Link: [SI_Store](#)

Heart and Diabetes Prediction Model
Description: Machine learning model for predicting heart disease and diabetes using medical data. Involves data preprocessing, model training, and evaluation.
Technologies: Python, Jupiter Notebook, Scikit-Learn, Pandas
GitHub Link: [Heart-and-Diabetes-Prediction-model](#)

Technical Skills

Technical Skills: C, C++, HTML, CSS, dart, Java (Basic)

Technologies / framework / libraries: HTML, CSS, Flutter

Hobbies

Drawing, Chess
